

INTERESTS OF WESTERLY

Organization of Veteran Firemen's Association—New Books for Memorial Library—New Postmaster at Pawcatuck—Funeral of Mrs. Louis E. Wilson.

A large force of workmen are engaged at Bradford pushing forward as rapidly as possible the immense building for the Bradford Dyeing association. The work has been delayed somewhat in getting substantial foundation for the immense chimney of the boiler plant, in which more concrete is to be used than in the foundation of the first building that covers two and one-half acres of land. After excavating for quite a distance the workmen struck what was supposed to be quicksand, and it was decided to make the basis of the foundation of piling.

One hundred and twenty-eight piles were secured for the purpose and a single driver with a drop hammer weighing 1,600 pounds was set at work. It was then found that hard bottom was nearer than expected and that the piles were considerably longer than necessary and that what was supposed to be quicksand was a strata of white sand on a level with the bed of the river. The piles were all "driven home," however, and then cut off on a level, and upon these the concrete foundation for the chimney is being constructed. This footing is to be 28 feet square, and the base of the chimney is to be 12 feet square to support the chimney, which is to be 210 feet in height.

At a meeting of those interested in the formation of the Westerly Veteran Firemen's association, held Monday evening in the office of the board of engineers, in the central firehouse, the committee on constitution and by-laws made report. After a few slight alterations, the report as submitted by the committee was adopted. At a preliminary meeting a committee on nominations was appointed to submit the names of candidates for the first officers of the organization. A ballot was taken and resulted in the election of the following: President, David Robertson; first vice president, William Pendleton; second vice president, John Himes; financial secretary, John Lynch; recording secretary, Nelson Himes; treasurer, Samuel G. Cottrell; Eugene Wood, John Walworth, William Snyder, George A. Dunham, and other firemen may become a member by applying to the executive committee.

Almost daily additions of marked literary value are added to the Westerly public library, which is destined to be among the most complete in New England. Large additions were made Monday. Among the books are: History of the First Rhode Island Regiment, published in 1882; Reminiscences of the First Light Battery, Connecticut Volunteers, two volumes; and History and Antiquities of Boston, 1630 to 1770, by Samuel Drake, and published in 1856.

Local Lacrosse.
A water polo contest for which Watch Hill swimmers are preparing is being arranged by Charles Huggins, instructor in swimming at the bathing beach.

Daniel J. Sully has leased the cottage Clover Lea at Watch Hill and has rented his cottage, Kenneth Ridge, the largest at the hill, to Russell Alger of Detroit. Mr. Alger is son of Horatio

Needful Knowledge
Norwich People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's disease, or diabetes. Anyone of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Norwich proof:
D. J. Brown, 6 Summer Street, Norwich, Conn., says: "The results that followed the use of Doan's Kidney Pills in my case were most satisfactory. I procured this remedy at N. D. Sevin & Son's Drug Store, and in view of my experience, I heartily recommend it as an excellent preparation for toning up the kidneys and relieving all complaints due to disordered kidneys."

For sale by all dealers. Price 50 cents. Foster-McLurg Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Parson's Poem A Gem.
From Rev. H. Stubbins, Allston, Ia., in praise of Dr. King's New Life Pills.
"They're such a health necessity. In every home these pills should be. If other kinds you've tried in vain, USE DR. KING'S.
And be well again." Only 25c, at Lee & Osmond Co.

Miss Louise Wells left town Saturday to Sprague, Mass., called there by the death of her aunt, Mrs. Shipley.

Edward M. Day of Hartford was at his home on Norwich avenue over Sunday.

Mr. and Mrs. Abraham Elgart were the guests of friends in Norwich on Monday.

A LARGE BLOCK OF NEW ENGLISH PEERS
Stubbornness of House of Lords May Be Met in This Way.

London, July 17.—An entirely unexpected contingency has arisen in the career of the veto bill tonight. It is possible that the house of lords, instead of passing the third reading of the bill with their amendments on Thursday, thus sending it back to the house of commons for consideration, may reject it even with amendments, lock, stock and barrel. In that event, Premier Asquith is fully expected to announce, as he probably would, that he had advised the king to create a large block of new peers.

The Liberal party are no more anxious for an inflated peerage than the Conservatives are, and the support of the creation of peers if the necessity is forced upon them. The parliamentary programme of the Liberals as that of the Right Hon. Walter Runciman, president of the board of education, said in a speech on Saturday. The bill, the whole bill and nothing but the bill.

Two moves in the lords' game today excited great speculation. One was a conference between the conservative leaders, the Marquis of Lansdowne, the Earl of Selborne, Salisbury and others. The second was a strong appeal by Lord Morley of Blackburn to the liberal followers in the house of lords.

Lord Morley said in a circular letter: "It is possible that a certain number of opposition peers may force division on the bill. The momentous results at stake, both immediate and in the future, make it in the highest degree desirable that the support of the bill should be absent from his place. I earnestly trust, therefore, that your lordship will not fail to give his majesty's government the advantage of your presence on what may prove so truly critical an occasion."

Overriding a Good Thing.
Daniel Guggenheim insists that there are too many investigations. He probably considers that just concluded into the Cummins claims one too many.—Pittsburg Dispatch.

Only Trying to Run Things.
Mr. Bryan denies that he is attempting to be a party dictator.—Chicago Journal.

TEA GARDEN

For Benefit of North Stonington Playground Opens Monday with Most Encouraging Patronage.

The Tea Garden for the benefit of the children's playground opened auspiciously at North Stonington Monday afternoon. The beautiful lawn of the Congregational church, on which the fête is held, never looked prettier.

Bunting in the national colors was run from tree to tree, and gay Japanese lanterns fluttered in the summer breeze. The committee in charge of the garden Monday included Mrs. Thompson, E. Hewitt, Captain, Miss Minnie L. Carter, Mrs. F. T. Whitman and Mrs. Lucian Drury.

The tea garden was opened by Mrs. Drury, assisted by Mrs. Drury, acting as cashier and accountant. A register was opened in which visitors, whether local or from other towns, were invited to place their photographs. The first person to register was Mrs. E. Hewitt.

North Stonington, N. Y. city, was represented by John H. Wells and Miss Margaret Graham. Miss Dorothy Chambers hailed from Adana, Turkey. The Green Mountain state had a representative in the person of Miss Marjorie Poole. Several were present from Westerly, including Mrs. Charles P. Cottrell and daughter, Mrs. Fremont Nye and Mrs. E. D. Saunders.

The garden will be open every afternoon this week, and an increasing patronage is hoped for. It will also be open on Wednesday evening and possibly on another evening to be named later—adv.

Topeka hires two men at \$7 a day to watch two ducks hatching their eggs in the park.

Health and Beauty Hints

BY MRS. MAE MARTYN

Mrs. C. A.: You are ruining your hair using soap for shampoo purposes. The alkali dries out the scalp and causes dandruff and dandruff. Massage a little into the scalp two or three times a week for a while and you will find dandruff or oiliness disappears and the hair will grow long and silky and be easy to do up.

Made R.: If you want health and strength you must keep the blood free of poisonous accumulations, and unless you attend to this immediately serious results may follow. Make up and take this tonic: Dissolve an ounce karsene in a half-pint alcohol, then stir in one-half cupful sugar and hot water to make a full quart. Taking a tablespoonful of this mixture before meals aids the system of impurities, rebuilds weak tissue and makes you well and strong. You will find this karsene tonic splendid for clearing the skin of pimples and sallowness.

Mary: Large pores can be reduced and the skin cleared of local impurities if you use my almond cream-jelly. This is inexpensive and should be used every woman's dresser: To a half-pint cold water add an ounce almond and two teaspoonfuls glycerine. Let stand several hours before using. Used freely, it works wonders with the skin, and no matter how sallow or unsightly it may have been, after a short while the skin grows soft and beautiful. Wrinkles and fine lines gradually dissolve the fat and give you your youthful figure without leaving the skin wrinkled or flabby.

Nell: Don't worry about the fuzz on your chin. To rid the skin of the objectionable growth, get an ounce of delatone at the drug store and add two teaspoonfuls glycerine. When cold apply to the skin with a brush or with a dry. A few times using cleanses the skin of impurities and banishes freckles and tan. You will find this better than powder, as it is invisible when on and does not rub off or spot from perspiration.

Expressive eyes never lack in brilliancy, yet to keep them so it is necessary to give them proper care and attention. Whenever your eyes ache or grow tired, use an eye-lotion made by dissolving an ounce of crystals in a pint of cold water. A few drops in each eye twice a day will refresh the eyes, smarten and aside from strengthening the eyes, gives them a remarkable brilliancy and sparkle.

Ada G.: Your dull, sticky hair can be made bright and rich in shade if you
